

Listing of audiobooks in the demo audio archive

Apart from several audio files in the Root Directory the following 95 audiobooks are stored in 95 separate folders. The audiobook in each folder is split into segments (chapters) that are usually 5 to 20 min long. In front of each book title below there are two 4-digit numbers. The first two digits in those numbers are folder numbers where the books are stored. The second and third digits in those numbers define the first (always 01) and the last segment number in the book. For example, the first book, The Thirty-nine Steps, is stored in folder number 01 and is split into ten segments from 01 to 10. Please read the disclaimer at the end of this page. This audio archive is accessed and navigated by commands using DTMF tones. These commands are shown in the Description of the embedded audio archive.
